Since creating the **Original PF™ Night Splint**—the first night splint to address plantar fasciitis pain—AliMed has expanded our full line of night splints to give patients with differing needs a wide range of choices for comfort and compliance. From low-profile, lightweight options, including the **FREEDOM® Dorsal PF Night Splint** and **Soft Night Splint**, to adjustable models like the **PF™ Night Splint II**, **Classic Night Splint**, and the dynamic-stretch **D2™ PF Night Splint**, AliMed has the right night splint for your patients.

Fixed at 5° dorsiflexion

AliMed® Original PF™ Night Splints fixed at 5° dorsiflexion to maximize stretch on plantar fascia. Rigid plastic shell has a washable padded terrycloth liner and strap pads that protect leg. Fits left or right.

Sizing: S, Wmns 4-7½; M, Wmns 8-10, Mens 6-8½; L, Wmns 10½+, Mens 9+. Also available in X-wide.

One size, fixed 90° shell

AliMed® FREEDOM® comfort™ Night Splints Fully enclosed plastic shell is set at 90°. Soft urethane foam interior helps prevent pressure points, while breathable liner eliminates heat buildup. Comfortable, neutral ankle position gently stretches plantar fascia and Achilles tendon. One size fits most. Fits left or right.

Dorsal and Soft Night Splints

Flexible shell for easier ambulation

AliMed® FREEDOM® Dorsal PF Night Splints with new flexible shell allow easier ambulation and hold the foot at 90° dorsiflexion during rest. Wide neoprene calf and toe straps, along with gel padding, help reduce pressure points on the top of foot. Padded foam liner. Fits left or right. Not made with natural rubber latex.

Sizing: *M, Wmns 6-10, Mens 5-9; L, Wmns 10½-15, Mens 9½-14.*

#66113 M, EACH
#66114 L, EACH

Allows normal foot flexion during sleep

AliMed® D2™ PF Night Splints utilize a pivoting dorsal shell and adjustable, dynamic stretch cord to hold the user's foot in a 90° position, allowing some normal plantarflexion of the foot during sleep and returning foot to a dorsiflexed position when the muscles relax. Soft bottom promotes comfort and safety while walking. Padded terrycloth liner wicks moisture. Plush neoprene straps contour to foot and calf. Fits left or right.

Sizing: *M, Wmns shoe size 6-9½, Mens 5-8½; L, Wmns 10-15, Mens 9-14.*

DARCO® Night Splints

Actively engages the windlass mechanism

DARCO® Body Armor® Night Splints Toe strap dorsiflexes first MTP joint, actively engaging mechanism for a foot-sustaining stretch. Adjustable elastic connector ring on toe allows flexion, bringing foot back to dorsiflexion when muscles relax. One size. Fits left or right.

#66367 EACH

Suggested code: L4396

EVA wedges adjust to desired dorsiflexion

DARCO® Night Splint Wedges feature two ½" EVA wedges—each with 3° of inclination—that can be removed or added to adjust the desired dorsiflexion of the foot. Natural cotton terry liner absorbs moisture. Non-skid sole for minimal ambulation. Large supporting surface provides enough space for optimal comfort. Fits left or right.

Sizing: *S, Wmns up to 6½; M, Wmns 7-10, Mens 5-8; L, Wmns 10½-13, Mens 8½-11; XL, Wmns 13½+, Mens 11½-14.*

#66905 EACH
