

## Consistent, reliable A-Line insertions

*AliStrap™ armboard strap, sold separately*

### AliMed® A-Line Supports are more efficient than improvised methods

AliMed A-Line Supports securely position the wrist just right every time for more accurate waveforms, eliminating the need for flimsy towel rolls or adhesive tape that can irritate skin.

- Maximizes site access
- Helps prevent line kinking, decreasing false alarms
- Optimal support for a more consistent waveform

### A-Line Support

Preparing a patient for A-line is an art that requires practice and experience to get the best results. Poor A-line placements due to improvised methods can lead to lost time, patient discomfort, and increased false alarms—just to name a few issues.

**AliMed's A-Line Support** improves access to the radial artery by positioning the wrist just right—every time. It allows skin to be stretched taut with artery presented optimally and thumb abducted—all of which facilitate cannulation. Available in **Standard** or **Deluxe** versions. See reverse side for details.

# A-Line Support

Use with your own straps or buy pre-packaged with ours.

Both measure 3"W x 10½"L

Standard

Deluxe with  
Beta Pile II Straps

**■ Use with your own straps**

**Standard** Economical, strapless version is secured to the arm with your own straps or adhesive-free bandages (see below). 30/cs.

#95-984

**■ Pre-packaged with straps**

**Deluxe** No more hunting for straps or bandages—the A-Line support is ready to use directly out of the package. Includes two padded 1"W x 16"L **Beta Pile II Straps** to help reduce skin ulceration risk. 12/cs.

#95-985

**AliStrap™** is a continuous roll of disposable hook-and-loop strapping that cuts to the length you need. Soft, flexible edges are gentle on skin.

#95-905 ¾"W x 30'L  
#95-900 1½"W x 30'L

**Beta Pile II™** is a soft, padded, hook-sensitive, low-pile strap with fabric on both sides. Cut strap to desired length—self-healing edges won't fray. For use with Standard version.

#4478 1"W x 30'L, 2 rl/pk

**CoFlex® Bandages** Gentle for skin and tears by hand to secure arm and line to support. Quick-stick open-cell foam clings to itself.

#52002 2"W x 15'L, 36 rl/cs  
#52003 3"W x 15'L, 24 rl/cs
