

Reduce pressure injury risks! *Redistribute pressure*

- Secure positioning while redistributing pressure

- Bead filling for better conformity

- Same height and length as traditional gel chest rolls

ComPly Positioners

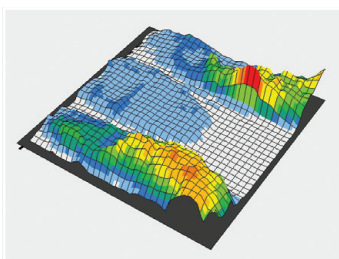

An economical alternative to gel or foam positioners, these lightweight chest rolls are made of an EPS bead filling specifically designed to conform to the contours of the patient's anatomy. Securely holds the patient while redistributing pressure over a larger surface area. Place on either side of the chest during prone positioning to expand the abdomen to assist patient ventilation. Lightweight for easy transport, reducing staff injuries. Fluid-resistant cover for easy cleaning. Available in 4"H or 6"H Chest Rolls. Sold in pairs.

NEW!
CHEST ROLLS

Under compression, the area of anatomical contact on the ComPly Chest Roll is distributed over a larger surface area and is the same height when compared to traditional gel chest rolls.

The proof is in the pressure

ComPly Chest Roll

Traditional Gel Chest Roll

In a side-by-side comparison using pressure mapping technology, ComPly Chest Rolls show significantly lower anatomical pressure than traditional gel chest rolls. Peak pressure for ComPly Chest Rolls occurred at 126 mmHg with an average pressure of 21 mmHg while peak pressure for traditional gel chest rolls occurred at 192 mmHg with an average pressure of 29 mmHg. Test subject: Male, 6'0", 270 lbs.

Bead filling conforms to the contours of the patient's anatomy

Add a Gel Overlay for anti-shear protection

AliMed® AliGel™ Positioner Overlays

Designed for use with our ComPly Chest Rolls, these overlays are made of a unique 100% gel formula that mimics fatty tissue and moves with the patient to reduce shear, offering an added layer of protection.

11"W x 17"L x ¼" thick

#95-941 AliGel Positioner Overlay

Your unique needs. Our everyday capabilities.

AliMed is your **go-to source** for **everyday, hard-to-find, or custom** healthcare products designed to improve patient outcomes, spanning the continuum of care.

- ▶ Friendly, experienced, customer-first service
- ▶ U.S.-based and in-house to help
- ▶ Exceptional responsiveness

- ▶ Contract pricing—affiliated with major IDNs and GPOs
- ▶ Volume discounts
- ▶ Order by phone, email, fax, or EDI

- ▶ 97% in-stock rate—we have thousands of items ready to ship
- ▶ Same-day shipping on in-stock items
- ▶ No minimum requirements—ever!

Prices, product availability, and specs are subject to change.
