

Partners in shaping a safe and healthy workplace

- **AliMed delivers ergonomic and safety solutions—including hard-to-find products**
- **Improve productivity, decrease healthcare costs**

AliMed is the trusted leader and go-to source with over 2,000 quality ergonomic products that provide proper body positioning, support, and protection against the everyday stresses and strains that employees face in their work space.

Aches, pains, and injuries resulting from poor posture, force, and repetition are costly, yet in most cases preventable with simple ergonomic solutions. These injuries often initially present only minimal symptoms, but gradually worsen and may even become debilitating—resulting in increased costs and lost productivity for employers.
